The Community Garden is almost ready so we thought we would explain the purpose of the garden and what the community can expect. Produce will be planted to create friendships and build community spirit. Garden tips and advice can be shared by any gardeners involved. Produce may be taken when ready (donation optional). Alternatively you can remove any weeds from the garden. If you would like to get involved on the garden please give us a call. Big thanks to everyone that has helped get the garden to this point. I am sure you agree it looks fantastic.
