DATA SECURITY

TBCC and MMCPN take cyber security and consumer data seriously and implement appropriate security measures to safeguard against data breaches and other cyber-attacks. Protecting consumer data is a top priority supported by Murray Computers managed services. We conduct regular security audits and risk assessments to identify vulnerabilities and address them before they can be exploited by cyber criminals.

Additionally, we have completed The Essential Eight mitigation strategies a set of cybersecurity measures recommended by the Australian Cyber Security Centre (ACSC) to help organisations mitigate the most common cybersecurity threats. These strategies include application whitelisting, patching applications and operating systems, restricting administrative privileges, multi-factor authentication, strong paraphrase passwords, encryption, and other security protocols to protect your data.

REFUSAL AND/OR WITHDRAWAL OF SERVICE

If you refuse or withdraw from a service you may re-apply at any time without fear of prejudice. TBCC may refuse / withdraw its services if a consumer does not meet the funding requirements and you will be advised of reasons for this, should it happen. We will refer you to another CHSP/NDIS provider if applicable.

RISK AND FALLS PREVENTION INITIATIVES

Anyone, regardless of age, can experience a fall, but the likelihood of injury tends to increase as we grow older. SA Health has produced a series of fact sheets related to the prevention of falls, these are available on the [SA Health Website](#)

Take a couple of minutes to complete the [Are you at risk of falling? Self-screen Checklist](#), on page 8 of this booklet.

If you would like to have a risk assessment, or if you feel a relative or friend needs to be assessed, there are fall prevention teams across South Australia. These teams can provide advice, and help to connect you to the right service in your area.

If you are unsure, telephone [1300 0 FALLS](#) (1300 0 32557) for information about services in the metropolitan area.

Always call Triple Zero (000) in an emergency.

ARE YOU AT RISK OF FALLING?

Falling is not a normal part of ageing. You may not know if you are at risk. Early detection of falls risk is important to avoid injury, keep your independence and maintain your mobility.

If you are over 50 years old, please take a couple of minutes to complete the attached questionnaire. Completing the questionnaire can give you a guide on how safe you are from falling and the areas of your health that might need your attention.

When you have completed the questionnaire, make an appointment to discuss it with your trusted health professional or contact one of the services below.

MMCPN FIRE RISK DAYS PROCEDURE

OVERVIEW

MMCPN provides volunteers across a number of Fire Ban districts: Murray Mallee, Riverland, Adelaide Hills and Adelaide Metro.

Bushfires can occur without warning and can quickly impact travel routes. In South Australia, bushfires occur regularly. Being out on the road during a bushfire is extremely dangerous as cars offer little protection from radiant heat and driving conditions are often difficult and stressful.

The TBCC/MMCPN office, including the Coordinator, will assist to monitor daily events through media outlets, and will direct this information accordingly should a situation become apparent.

CATASTROPHIC FIRE RATING:

- The Board has determined that NO VOLUNTEER TRANSPORT will be provided on any day where a fire danger rating of CATASTROPHIC is expected. Either within the regions of origin or destination and /or within a region that the transport will travel through to access the appointment, regardless of the distance travelled. Trips may be cancelled or rescheduled prior to or on the day of travel. MMCPN staff will provide consumer support to reschedule appointments for those who find this difficult.
- A Volunteer Bus Companion will not be provided to support and travel on the Health / Medical Bus Service on a catastrophic fire day.

EXTREME / SEVERE FIRE RATINGS

Volunteer drivers have the right to withdraw from any commitment to ensure their own welfare and wellbeing.

COVID-19 - WHAT SHOULD YOU DO?

Have you returned from overseas, travelled interstate or been on a cruise ship in the past 14 days?

YES - seek testing and self-isolate for 14 days.

NO - monitor symptoms and self-isolate for 14 days.

ADVOCACY

ADVOCACY MAY BE ABLE TO HELP YOU

An advocate can:

- Provide you with information about your rights and responsibilities.
- Help you to raise your issues with us or the service provider.
- Support you at any stage during the complaints process.

Advocacy is free, independent and confidential. An advocate will always seek your permission before taking action. You can call the **Older Persons Advocacy Network (OPAN) on 1800 700 600**. With your permission, they can phone an advocacy agency on your behalf to explain your concerns and arrange for the agency to contact you. Anyone can raise a concern and you are encouraged to raise your concern with the service provider first.

You can submit your complaint anonymously or confidentially. However, this can limit what assistance you can be given, so it is best to submit your concern openly. The Hotline can explain the differences between open, anonymous and confidential complaints when you call. If you have a concern or feedback about the aged care, you or someone else is receiving, you can talk to the **Aged Care Quality and Safety Commission** (Engage Empower Safeguard) by phoning **1800 951 822** or visiting agedcarequality.gov.au. If you are deaf or have a hearing impairment, call Voice Relay 1300 555 727 (National Relay Service).

TIPS FOR REGISTERING WITH MY AGED CARE

REGISTRATION IS EASY IF YOU'RE PREPARED WITH THESE TIPS

CALL MY AGED CARE (MAC) ON 1800 200 422

You may have to hold for a while before the process begins. Tell them you want to register yourself (or another person). If you are registering another person, have that person close by, so they can authorise you to speak on their behalf. You will need their pension card and Medicare card.

Go through all the questions and if they have trouble finding the Tailem Bend Community Centre, tell them to search under the Tailem Bend Community Centre Service Name:

MURRAY MALLEE COMMUNITY PASSENGER NETWORK.

Please make sure that MAC and the Assessor know what the above service name is.

HAVE YOUR PENSION CARD AND MEDICARE CARD WITH YOU.

WHEN ASKED IF YOU ARE SOCIALLY ISOLATED, YOU SHOULD ANSWER YES DUE TO YOUR RESIDENTIAL LOCATION.

Tell them if you receive services from TBCC (eg. social support/Our Goldies or classes; home maintenance or transport).

Once registered you will need to be assessed by a regional assessor. The assessor will ring when they receive a referral from My Aged Care (this may take up to two weeks). Don't be afraid to change their suggested appointment time if it doesn't suit you.

Please note the assessor will only call three (3) times. If you do not answer, you will be removed from the request list and will need to reapply through MAC.

Please call TBCC if you require assistance with your registration. Our staff are happy to make an appointment time to assist you.

Advance Care Directives (ACD)

An ACD dictates your wishes if you are unable to make important decisions yourself, such as future health care and living arrangements. It replaces the existing Enduring Power of Guardianship, Medical Power of Attorney and Anticipatory Direction with a single, ACD Form. The ACD is not a will, and can not be used to make financial or legal decisions.

You can write an ACD at any stage in your life, and if you already have a completed Enduring Power of Guardianship, a Medical Power of Attorney or an Anticipatory Direction, these will continue to be legally effective unless you complete a new ACD Form. For further information **contact the Legal Services Commission of South Australia on 1300 366 424.**

Making a Will

Do you have a legal Will? Making a valid will is the only way you can be sure your property is distributed according to your wishes after your death. If you do not have a legal Will, South Australian laws will determine how your property or 'estate' will be divided. There are several services available to assist you to prepare a Will and appoint an Executor.

For more information **call the Legal Services Commission of South Australia on 1300 366 424.**

Enduring Power of Attorney

An Enduring Power of Attorney appoints someone to manage your financial, medical or personal affairs, and continues to operate even after you become legally incapacitated. Taking the time to make an enduring Power of Attorney means your financial affairs can be looked after by someone you know and trust.

For information on how to make a Power of Attorney, **call the Legal Services Commission of South Australia on 1300 366 424.**

Funeral Assistance SA

People who have recently experienced the death of a family member or friend, and who have exhausted all options to raise funds or obtain credit, may be eligible for assistance through Funeral Assistance SA.

For details on eligibility, what is covered and how to apply, call **Funeral Assistance South Australia on 1300 762 577**

The Adult Safeguarding Unit (ASU)

The ASU is part of the Office for Ageing Well, and it aims to safeguard the rights of adults at risk of abuse, aged 65 years and over, and 50 years and over for Aboriginal or Torres Strait Islander people. It can do so by referring a report of abuse to another more relevant service, or gather more information and develop a personalised safeguarding plan.

Established in November 2018, the ASU has statutory responsibility and accountability for receiving and responding to reports of suspected abuse or neglect of elderly South Australians. The elderly have rights, and the ASU can help you understand them.

Abuse often remains hidden. If you or someone you know is experiencing abuse, you can make a report or seek advice from the ASU:
